Firestop Contractors International Association Manual of Practice/Management System Manual Order Form

The FCIA Manual of Practice (MOP) is the firestop industry's handbook of accepted firestop knowledge, used by contractors, architects, engineers, manufacturers, building officials and fire marshals in North America and beyond. The MOP is also used as the reference document for the Designated Responsible Individual (DRI-FM) Exam from FM 4991, Standard for the Approval of Firestop Contractors and the UL Qualified Firestop Contractor Program (DRI-UL) Exam.
