Dining Splendors

B A L E E N
FRESH. LOCAL. HONEST.

Stone floors, open kitchen, mahogany woods and the warmth of a glowing fire. Gentle Pacific breezes blowing. **Baleen** offers classic, stylish, rich interiors with a Bohemian touch of whimsy...chandeliers of hanging monkeys. And al fresco dining look out across the sparkling waters of Mission Bay.

Barefoot Bar & Grill is known throughout San Diego for its live music and dancing on a patio overlooking Mission Bay. The menu includes appetizers, grilled sandwiches, tacos, superb salads, great burgers and chilled libations. It's perfect for the entire family with both indoor and outdoor seating.
